

Description

The Transporter has a spigot which fits into the socket of the stand. By pushing down on the end at the handle, the stand will be picked up enabling movement and positioning from a greater distance. To release the stand, the handle of the Transporter is lifted and pulled away from the stand to disengage from the spigot.

Transporter to suit all EDMO Jack Stand models.

Specifications

Net Weight:	80kgs each
Width:	800mm
Length:	3140mm
Height:	750mm
Lead time:	12 weeks from receipt of deposit

EDMO JSTF - Jack Stand Transporter with Folding Handle

The EDMO JSTF has all the features and same functionality as the EDMO JST, with added handle height for further leverage. The JSTF is recommended for larger and heavier Jack Stand models, or where the Jack Stands will be manoeuvred with heavy extensions in place.

The JSTF is compatible with all EDMO Jack Stand models.

Lead Time: 12 weeks from receipt of deposit
