EDMO LL10A - LL10AL

## Description

The EDMO Lift'n'Lock is an Air Hydraulic Jack and Locking Support Stand combined in one unit. It complies with both the Australian Standard for Jacks and the Australian Standard for Vehicle Stands.

This version works using switches to air-activated hydraulic valves. This feature reduces the risk of operator error, and therefore risk of damage to the jack and locking systems. This version cannot be locked in the up-stroke. The axial valve fitted to the pump will prevent the pump from cycling when in neutral. Modifications to the body allow more ground clearance under the base for easier travel on rough terrain.

## Specifications

| Working Load Limit: | $100,000 \mathrm{kgs}$ <br> Closed Height: <br> Raised to last lock: <br> Air Supply Required: |
| :--- | :--- |
| 726 mm  <br> Overall Dimensions: 1160 mm <br> Length: 110 PSI |  |
| Width: | 3450 mm |
| Height: | 590 mm |
| Weight: | 1039 mm |
|  | 600 kg |
| Maximum Operating Height: | 1560 mm |
| When raised and locked as a stand including a suitable |  |
| 140mm diameter engagement extension) |  |
|  |  |
| Load Cap Supplied with Jack: |  |
| Concave Load Cap |  |
| Load Cap spigot hole is 51mm diameter |  |

## ACCESSORIES

## EDMOtivator Type T3

The 'EDMOTIVATOR' System powers a drive wheel using the jacks main pump and air supply. This gives the significant advantage of power and reliability over battery powered propulsion systems.

The 'EDMOTIVATOR' is operated from the handle of the jack. With the flick of a lever, the jack can be moved forward or back as required by the operator. The operator always retains full control of the motion. The speed is controlled by increasing or decreasing the air-supply via the attached ball valve. A jack with an 'EDMOTIVATOR' fitted can also be manoeuvred manually. EDMO LL10A - LL10AL

## Air Line Remote Control

The air-line has the safety advantage of the operator being well clear of the load being jacked. The controls for the raising and lowering of the jack are connected by a 3 core flexible air line that allows the operator to move up to 5 meters away from the Jack and control the up and down functions.

## Extensions

For LL10A Jack only

| PART No: | DESCRIPTION | WEIGHT (approx. Kg) |
| :--- | :--- | :--- |
| LL1098241-100 | 100mm Extension | 16 |
| LL1098241-150 | 150mm Extension | 20 |
| LL1098241-200 | 200mm Extension | 24 |
| LL1098241-300 | 300mm Extension | 28 |
|  |  |  |
| LL10 EXTENSION |  |  |
| These extensions are a two person lift |  |  |
| DESCRIPTION | WEIGHT (approx. Kg) |  |
| 400mm Extension | 49 |  |
| 500mm Extension | 52 |  |

Extensions comply with the Australian Standard for jacks. However, be aware that when using the Lift'n'Lock as a stand the extensions will not comply with Australian Standard for stands.

## Swivel Load Cap

The 360 degree rotation, 10 degree slope swivel load cap with a ribbed flat engagement for loads that will pivot as they are being raised.

The swivel of the load cap follows the movement of the load.
Capacity: $\quad 100,000 \mathrm{Kgs}$

## LL10AL - Low Line Body

Your LL10A can be fitted with a Low Line Body and Handle to allow access to lift positions on lower clearance vehicles. Specifically designed for use with 24H \& Letourneau L1850, also suitable for the MT4400. The LL10AL is also suited to dozers and all other vehicles requiring lifting and standing from one position with handle clearance. No fork tine positions are built on this model.

Working Load Limit:
Closed Height:
Raised Height at Last Lock:
Cap Supplied with Jack:
$110,000 \mathrm{Kgs}$
581 mm
866 mm
Concave Load Cap

## Additional Information

PLEASE ENQUIRE TO WORK WITH OUR ENGINEERS TO CREATE CUSTOM LOAD CAPS, EXTENSIONS, ENGAGEMENTS AND ACCESSORIES TO SUIT YOUR SPECIFIC REQUIREMENTS.

LOAD CAPS AND EXTENSIONS ARE TO BE USED UNDER AN ADVISORY STANDARDS CODE OF PRACTICE, IN CONJUNCTION WITH SITE SAFE OPERATING PROCEDURES/RISK ASSESSMENT.

Packed on half pallet for Australian market and on skid for exportation. For more packing options, long distance and export requirements, please enquire.
